Updated Procedures for Container Export Bookings

All Shipping Lines, Agents and Port Users

In line with our commitment to maintaining the highest safety standards at Jebel Ali Port, we have updated the Container Export Booking procedures for shipments received from Shipping Lines/Agents.

Effective from October 15, 2023, shipping lines are required to provide the following information when submitting container export bookings through Dubai Trade and/or B2B integration via EDI:

- Shipper Code and Name
- HS code and description for the commodities packed inside the container

The above information is required to ensure the accuracy and safety of the transported commodities. All customers are requested to adhere to these specifications to support our safety protocols.

Thank you for your continued cooperation. Should you have any queries, do not hesitate to email us at Customercare@dubaitrade.ae or call on 600555554.
